Dear Parents,

Your child will shortly receive a maths homework book. If I feel your child would benefit from extra practise with any work we have covered during the week in school, then homework will be sent out on a Friday to be completed over the weekend. Any homework set should not last more than 30 minutes each week.

I will always make sure that any homework sheets contain examples so that you can see the methods we are using in school.

I would really appreciate it if you could support your child with their homework and let me know if they still find the work difficult or need further practise.

All homework sheets will be placed on the year 5 page of the school website in case your child happens to misplace their sheet.

Thank you in advance for your support,

Mrs J Reid
