Looking forward to Spring!

Dear Parents,

As winter draws to an end I am sure we are all looking forward to the longer days and hopefully drier and warmer weather. However it is still cold and the children still need to be wearing their warm coats for outdoors. Please make sure that all your child's clothes have their name in, especially hats, gloves and jumpers.

Nature Table

This half term our topic is Growth and Easter. If you are out and about at the weekends or even in your own gardens, please spend time with your child looking for all the signs of spring. We have a Spring nature table and would welcome photos and items relating to spring from the children to display and investigate.

World Book Day

World Book Day is on Thursday 1st March. The theme is bedtime stories. The children are to come to school in their pyjamas and bring a favourite bedtime story—please put your child name in their book.

Forest Schools

I am planning a few Forest School sessions this term for the children out on the school field. The children will need wellingtons or strong boots. I will send a note out a few days before they need to bring them in.

Weekly News / Show'n'Tell

We dedicate a time each Monday for the children to talk about their weekend activities. The children can then share their news sheet on a Monday and add them to their Learning Journeys. Copies can be found on the Nursery class page on the website or on request from Nursery. Friday is 'Show'n'Tell' day.

My Achievements

We also love for the children to share the things they achieve at home, such as, learning to ride their bikes, taking part in a dance routine, learning to fasten their coat or get dressed by themselves.

Please send in any certificates to share (we will return them) or record your child's achievement on a My Achievement sheet. These can be found on the Nursery class page on the website or by request from Nursery.

Writing Names

Most of the children are now able to recognise and find their name card for self registration. We are now concentrating on all the children being able to write their name before they leave Nursery ready for Reception. Those children who can already write their name, we will be focusing on the correct letter formation and writing their surname.

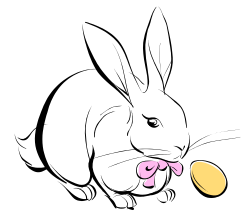

Thank you for your continued support.

Mrs Turner

Mrs. Turner

Points to note

Snack Money for this term is £5.00. **Please send into school in a named envelope.**

- If you have any questions or queries we are always available to talk to you, either before or after school for quick chats and appointments are best for a longer chat.

Spring 2 Topic Growth & Easter

Spring Watch

- If you are out and about this month and next. Take time to share with your child all the joys of Spring. Remember to bring things in for our Spring Nature table.
