

Spelling

The children are introduced to their spelling focus on a Monday where the spelling pattern for the week will be introduced. In this lesson, the children will be given tips on how to remember to use the spelling pattern and any rules that may apply. From this lesson, the spelling list will be devised which comprises of 20 spellings that must be learnt by Friday. The children will also be learning these spellings in class. They are encouraged to learn as many as they can which should not be less than 10.
